AFX New Releases

Audi LMPs arrived in the UK just in time for Round 6, and Marc T used Andy Ws new Audi LMP in the Le Mans Class. (I was going to use the body, but it would not fit my favourite race winning Mega G chassis!).

AFX have also announced the following

“This is a VERY early preview of what is coming. There will be a new Giant set that should be available for Christmas (Told you it was an early announcement.) The set will be basically the same with a few minor changes.

Here is the big news, after decades of the Hornet and Pro One livery we have NEW ones. As you can see they are quite different from the old ones. Now before the flamethrowers come out let me tell you we are also releasing these two cars a two- pack at the same time. This is an experiment, so hopefully all you collectors that have been telling us “Release them as single and you will sell a bunch of them” keep to your word around Christmas time.” (Words and Picture Courtesy of AFX Racemasters)
