THORL Update

It's been a while since the last update, so here it goes:

First off, we hope that all of you are keeping well.

It's been a challenging time for all, but we are starting to see a return to those activities that we have not been able to partake in for a while.

Many slot car clubs in the UK have seen a return to regular racing, and THORL hopes to start something soon. We will keep you posted.

We will of course be carrying out these with many precautions, including keeping venues well ventilated (keep that extra layer on as the weather turns cooler), use of hand sanitiser, making space between each other and the wearing of face coverings indoors.

HO new Releases

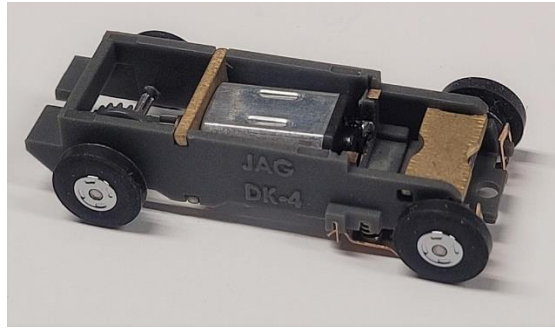

AFX latest releases are making their way to distributors/shops. Can't wait to see these in the flesh, check out the new wheels on the Ford GT. All running the Mega G+ Chassis platform.

Also available again is The Giant Raceway, and AFX Racing's Tune Up Kit.

JAG Hobbies have announced 2 new chassis due for release around October time.

DK-4 Chassis - A new can motor style T-Jet chassis
Compatible with all AW, Dash, RRR and Aurora bodies.
Target price \$15

PR-5 Chassis - A traditional slot car motor chassis for the Tomy MG+ and AW (1.7)
Bodies. (a GT version also planned)
Target Price \$23.50

The JAG TR3 has been a great platform and the PR-5 looks to continue that.
